The words in this book of poetry were appropriated from Youtube videos of young girls providing makeup tutorials for online audiences. Each poem focuses on a singular makeup product and the accompanying language employed by the young girls during application. The girls providing these tutorials range from age five to age twelve and their videos were uploaded in the past two years (2014 - 2012). Videos were chosen based on titles that indicated which grade or age this makeup look is intended for, such as the title "natural 4th grade makeup."

# Foundation

This is foundation  
and you should put some  
on your face  
with a brush

I use this  
because it blurs my imperfections  
it also hydrates  
and brightens  
my skin

I put it on with a brush

Kind of look in the mirror

I am just going to  
be taking this  
and  
putting it all over my face

And  
we are going to  
spread it nice and even  
cause  
we don't want it  
to look like  
it's all cakey

I just want to give you guys  
a quick little note  
about concealer

Do not go overboard with it

Especially  
when you are young  
because you all have  
beautiful skin  
and  
you don't like  
need to go overboard  
with foundation  
or really anything

Just put it  
where you  
really  
really  
need it

It's lighter than my skin tone  
so that's very good

When you use it  
you are going to want it  
lighter  
than your skin tone

I am just going to brush it in  
with my brush  
on my forehead  
nose  
and up  
and up  
and up

See?

And just go  
just go like that on it

Do it all around your face  
I am going to  
put a bit more  
and  
rub it in  
with my hand

Just take some  
on your finger  
and  
dab it  
all over your face

I am going to  
use my ring finger  
because it is the gentlest finger  
you have

And  
I am just going to  
spread it in

You could use  
a brightener concealer  
if you want

Just in case  
you have really bad eye bags  
like I do

And I know  
that right now  
it still looks bad  
so what I am going to do is  
go over it with some  
foundation powder

Make sure to  
blend it back  
to your temple  
so it's not just a hard line

Okay  
so now  
I look normal

The powder  
is good

It does not leave  
any lines  
when you rub it in  
and  
uhm  
it makes your makeup  
stay on longer

And remember that  
this is natural

The natural look for fourth grade

So we don't  
want to add  
too much

# Eye Shadow

So for eye shadow  
I have all kinds  
of different palettes

And  
I am going to be  
showing you  
my favorite palettes

So ya  
I have the Glitz and Glam one

I use this Bobby Brown palette  
if I want to go for  
a little bit  
of a darker look

So uhm

These colors  
are good  
for the night

These colors  
are good  
for in the day  
but you are going to  
a fancy place

This one is for  
when you wake up  
in the morning

I also use this Summer Love palette

Uhm  
I am going to be using  
uhm  
the pink

The pink

I am going to  
take my brush  
and  
dive it in there

And  
I am going to take  
the purple color

Just a little teensy weensy  
because I don't want  
a bunch of sparkle

See?

I am going to put it  
all over my lid

It's just going to  
add a little shadow

I am going to  
put the white  
on the brow bone

I will use this brush

You never want  
a whole lot of white  
on your brow bone

You'll look like a geek

I don't think anybody  
wants to do that

So you want to  
use a little bit of white  
on your brow bone  
for a little bit  
of highlight

I will add it  
on my brow bone  
to like  
shape my eyes  
I mean my brows

Because I am  
a little girl  
I will add  
some of this  
to like  
my extra hair  
from my brows  
to disappear  
for a little bit  
because I can't remove it

And  
now I am going to  
cut on my nose

That means  
to make  
your nose  
look thinner

I am going to  
take this  
thin brush

And  
I am going to  
take my  
lightest color

And  
I am going to make my nose  
slightly thinner

You should put a little bit of  
eye shadow  
on once a day

You should not  
put it on your  
forehead  
your cheeks  
your nose  
your lips  
because it will look bad

You can try makeup  
anytime you want  
any day

You can wear makeup  
any kind of place  
you want

Now just put it  
in your inner corner

I usually like  
a little bit of pinky  
so I am going to be  
using this one

And  
now you are  
going to take  
your shadow brush  
not your shadow brush  
your angle brush

So ya  
uhm  
blend it in

It has a nice little color to it

When we're done with  
all the eyes  
next  
we are going to be  
using this primer  
for under  
our eyes

So now  
we are going to  
tap it with

our ring finger

It's okay if  
it's all white  
like that  
because it's  
supposed to be like that

We are not  
using eyeliner today  
because it going to be too dramatic  
and  
remember

we are trying to  
do the natural look for fourth grade

And  
in fourth grade  
you shouldn't be using  
that much makeup  
so ya

# Blush

You should put some cheek stuff on

Since we are going to be  
in school  
you always  
just want to have a  
nice  
little  
vibrant look

You can use  
any blush  
you like

Uhm  
if you are doing something  
casual  
I suggest you  
not  
use this one

This is  
uhm  
very  
very super  
duper  
pink

I am taking this  
fluffy fan brush  
and  
this cream blush

It is the most gorgeous  
pink color

This is how you put  
the blush on

Rub it on the part where  
your cheeks  
go up  
when you smile

It's kind of a like  
a rule  
I guess

Do not bring it  
so far down

Just going to be putting that  
on the apple bone

Gives my cheekbones  
more of a little  
natural look

I really like  
cream blushes  
if you are trying to  
go for a really nice  
natural look

And  
if you wanted to go for  
a little bit more  
of like a  
naturaler skin tone  
you can just  
pick one of these ones

Probably your best bet

Just put however much  
you want on

Next  
you are going to  
take this color

Right here

Just to give  
some shimmer

That's really cute

I like this  
because it is  
nice  
and  
soft  
It gives a natural glow

So  
I'm just going to  
be taking a little bit off  
because I don't want  
too much

A little goes a long way

It will get  
cakey  
so easily  
so just be careful about that

Make sure  
you get it  
nice and even  
on both sides

You don't want it  
too dark

There  
like that  
yea

So  
you don't want it  
too dark

And we just want that to look natural

# Mascara

You want to  
put loads of mascara on  
so you look like  
a doll

Make sure  
you get a  
really  
good  
eyelash curler

It gives you  
the most  
amazing lashes

It gives you  
volume  
while it separates them

It's  
really  
really  
really  
good

Oh  
I forgot to show  
you guys  
that you are going to  
need this

It's clear  
and  
this just separates  
your eye lashes  
and  
acts like a primer

And  
then you use  
your Mega Length  
which is really famous  
anywhere

It allows  
your eye lashes  
to grow

It's waterproof

It's very cheap  
kind of

I got it for  
my birthday

The brush  
looks like that  
and  
we are going to  
put it on  
the top lashes

Make sure  
you put a lot of  
mascara

Now the bottom lashes

There

Then it looks like this

This is for  
young girls  
who just want to wear  
a little bit more  
makeup

So ya  
that's your eye lashes

I don't want it  
to show that much  
though

because  
I'm only a kid

# Lip Gloss

Kay so  
now  
we are just going to  
do the lips

So  
okay  
so  
this is the Bella Bomb balm

We are going to  
be using  
this Bella Bomb balm

It has  
no color

It's just a lip balm  
It's just a lip balm

I lost a tooth

I really like  
a natural  
and  
really pretty look  
for the lips

We are going to  
start out with  
this big giant gloss

Baby Lips

Gloss  
gloss  
gloss  
gloss  
gloss

This is such  
an amazing  
nude color

But it has  
little tints of  
pink

And  
it's like  
completely  
matte

So there is no like  
sparkle  
or  
chunky glitter  
in these glosses

I really like  
lip gloss for  
the lips for  
young girls

So  
we are going to  
take it  
and  
put it over  
my uhm lips

Can't really see it

Can you?

I am going to  
take this  
lip shine

Pink Punch

It has SPF 30 in it

Nice  
pink  
color

Just going to  
blend it in

It has a  
nice  
little  
color to it

This is our color

And  
it smells like  
strawberries

I'm blotting it  
on my lips  
to give it  
a little bit of  
sparkle  
and  
shine

Oh  
I forgot to tell you  
we are trying to  
make it natural

I don't want it to be  
too glittery  
because  
this isn't a  
glittery look

So  
just put a little bit

A little goes  
a long way

And  
don't actually  
squeeze it

Just dot it

It smells  
really  
good

It also tastes like  
lemon cake

It's very  
lightweight  
easy  
everyday  
affordable  
for you guys

I am not  
going to use  
any  
lipstick

So  
that's my lips

They are  
so beautiful

So  
uhm  
ya

This is the  
finished look

I hope  
this helped you  
find a look for  
what you want to wear  
to school

or  
just for when you want to wear  
a little bit  
more  
makeup  
to feel  
a little bit  
more  
confident
